	10/18/07 00:18 CST		0	Source: Post Office
Trees were blown down.				
<b>Moisture from the Gulf of Mexico advanced rapidly northward on October 17th. A warm front moved into Arkansas and sparked a number of severe thunderstorms during the afternoon. One of these storms spawned an EF1 tornado west of Star City. During the evening, a cold front approaching from the west pushed another area of severe thunderstorms into Arkansas. These storms pushed eastward across the state and continued into the early morning hours of the 18th. In both instances, there was a considerable amount of wind damage, primarily due to very strong winds aloft.</b>				
<b>BAXTER COUNTY --- 1.0 NE MOUNTAIN HOME [36.34, -92.37]</b>				
	10/08/07 13:30 CST		25K	Thunderstorm Wind (EG 35 kt)
	10/08/07 13:30 CST		0	Source: Newspaper
Gusty winds from a thunderstorm broke off a large hickory tree near its base. The tree hit a house, breaking a sunroof and cracking the ceiling at the rear of the house.				
<b>BAXTER COUNTY --- GASSVILLE [36.28, -92.50]</b>				
	10/08/07 13:30 CST		10K	Lightning
	10/08/07 13:30 CST		0	Source: Newspaper
Lightning struck a power line, knocking out electricity to about 2200 customers. Gassville and Cotter were affected, as were parts of Mountain Home, Yellville, and Harrison.				
<b>Strong thunderstorms affected parts of northern Arkansas on the 8th. The storms developed ahead of a cold front.</b>				
<b>(AR-Z056) JEFFERSON</b>				
	10/24/07 11:45 CST		10K	Strong Wind (MAX 35 kt)
	10/24/07 11:45 CST		0	
<b>A strong low pressure center just to the east of Arkansas resulted in gusty north winds across much of the state on the 24th.</b>
